The document promotes an advanced SMC trading This trading strategy was initially popularized by an infamous trader who is also the founder of the Inner Circle Trading (ICT) method which is claimed to be the evolved version of the SMC. Let's first take a look at the building blocks of this trading strategy and compare it with the well-known trading concepts by industrial titans (Dow, Wyckoff, Elliott) This document discusses an advanced strategy for trading using the SMC method in partIt was created by the WinWorld Team and Friends and provides a link to free courses on trading SMC strategies. This document provides a beginner's guide to the SMC trading strategy. It defines key terms used in SMC like change of character, break of structure, demand and supply SMC strategy Refer to important disclosures at the end of this report Upside participation, downside protection Earnings still key; go for names with clear growth catalysts – BreadTalk, Cityneon, mm2 Asia, and Riverstone Keep a firm eye on growth and another on downside protection as small-mid caps have yet to ? FreeModule Advanced Liquidity Course: ? My Elite Strategy (from \$ to \$): !/ Advanced SMC – PtFree download as PDF File.pdf), Text File.txt) or read online for free.
