Enjoy. Synth Secrets. I've been worrying about those articles going offline for years, good to have a backup:) As far as I know, it's all on their site. Sound on SoundSynth SecretsWhats in a Sound-1 Great for beginners and seasoned experts alike, the Sound on Sound Synth Secrets guide by Gordon Reid should be required reading for all serious synthesists. Definitely read at least the firstinstallments. I suggest you read it from start to finish, but if you already have a basic understanding of Those firstcover the fundamentals, from sound to sound synthesis to different synthesis and synthesizer architectures, while the rest dive into techniques for synthesizing different types of sounds and instruments, e.g PDF Version of Synth Secrets from Sound on Sound. Those firstcover the fundamentals, from sound to sound synthesis to different synthesis and synthesizer Creative Synthesis With Delays. Most of what you see in this guide is easily translated into Audulus, almost node-by-node. Enjoy I am currently reading Sound on Sound's Synth Secrets articles by Gordon Reid. I question the legality of this, but thanks anyway. +on+Sound+-+Synth+ SOSSynth SecretsWhats in A Sound
