Strategic depth is a term in military literature that broadly refers to the distances between the front lines or battle sectors and the combatants' industrial core areas, capital cities, heartlands, and other key centers of population or military production. The change in Turkish foreign policy in the twenty-first century's second decade has its origin in the approach referred to by Turkish foreign minister Ahmet Davutoglu as Strategic Depth. Because it aims to give Turkey status as a Eurasian power, this approach has been described as neo-Ottomanism, referencing the geographic extent of the Ottoman Empire. Because of its intrinsic pragmatism e. Strategic depth is a term in military literature that broadly refers to the distances between the front lines or battle sectors and the combatants' industrial core areas, capital cities, heartlands, and other key centers of population or military production. See more: What is Strategic Depth? The concept of "Strategic Depth" in Turkish foreign policy refers to the academic work of Professor Ahmet Davutoglu, who published his Turkish As the Russian and British empires vied for dominance in Central Asia, the areas now known as Afghanistan, Iran, Balochistan, and Khyber Pakhtunkhwa (then known as the In assessing Pakistan's response to the ongoing 'global war on terrorism' in Afghanistan, this paper presents two sets of arguments; first, I argue that Pakistan's strategic Turkish Prime Minister's book on Turkish foreign policy, Stratejik Derinlik ("Strategic Depth") has enjoyed mixed reception in Bulgaria and neighboring countries for years – The Strategic Depth plan strives to organize Turkey into a center that will attract the attention in diplomatic, political, cultural, and, especially, economic terms of the peoples and t.
