

# Study Abroad - International

---

There are millions of universities on the planet that welcome purposes from worldwide students. The process of applying to university can take about two years, so it's necessary to plan forward. There are various elements to contemplate when selecting a college to use to. The College Board's BigFuture website enables you to seek for universities and make a listing of your favorites. Seek for and evaluate universities primarily based on degrees supplied, academic majors and packages, campus size, and location.

On Friday 12 May, forty seven college students representing nine different nations, from the Kampala International University visited the United Nations Regional Service Centre Entebbe (RSCE) for the primary time, many of them hoping to work for the UN in the future. "The RSCE shouldn't be a peacekeeping mission, we're right here to support 20 missions in Africa delivering human resources, finance, transport and coaching to subject mission staff. So in that sense we've a for much longer horizon.
