No one is safe from the Thunderbolts! Bucky Barnes - the former Winter Soldier now known as the Revolution - just inherited a mountain of covert intel, and he has one objective justice, like lightning! He's going after the establishment, the people no one else is willing or able to take down, and he'll do whatever it takes to win. Teaming with the mysterious Contessa Valentina Allegra de Fontaine, Bucky assembles a team of black-ops heavy hitters - including the Black Widow, the White Widow and Shang-Chi - to pursue high-profile targets like the Red Skull, Kingpin and even Doctor Doom himself! But do even they have the firepower required to stop the American Kaiju from destroying Hong Kong? Plus Learn the reason why Bucky made a powerful enemy in Wilson Fisk! Collecting THUNDERBOLTS (2023) #1-4 and DEVIL'S REIGN WINTER SOLDIER.
