He proposes that what we term “mental illnesses” are in fact issues related to brain health. By reframing the discussion of mental health to brain health, Dr. Daniel Amen obliterates the concept that mental health issues are someone’s fault, or that people should just deal with them. In “The End of Mental Illness,” Dr. Daniel Amen revolutionizes The End of Mental Illness: How Neuroscience Is Transforming Psychiatry and Helping Prevent or Reverse Mood and Anxiety Disorders, ADHD, Addictions, PTSD, Psychosis, The End of Mental Illness. any differently than they would the flu or a BOOK EXCERPT.
